REGULATORY IMPACT ANALYSIS AND TIERING STATEMENT

301 KAR 2:172. Deer hunting seasons, zones, and requirements

Contact Person: Rose Mack

(1) Provide a brief summary of:

(a) What this administrative regulation does: This administrative regulation establishes deer hunting seasons and zones, methods of take, bag limits, harvest recording procedures, and checking requirements.

(b) The necessity of this administrative regulation: This administrative regulation is necessary to properly manage for a long-term, sustainable, and healthy deer population in Kentucky while providing reasonable and ample recreational opportunity for deer hunters.

(c) How this administrative regulation conforms to the content of the authorizing statutes: KRS 150.025 authorizes the department to promulgate administrative regulations establishing hunting seasons, bag limits, and the methods to take wildlife. KRS 150.170 exempts certain people from hunting license and permit requirements. KRS 150.175 authorizes the kinds of licenses and permits that are issued by the department. KRS 150.390 prohibits the taking of deer in any manner contrary to any provisions of Chapter 150 or its regulations.

(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes: This administrative regulation will assist in the effective administration of the statutes by establishing the seasons, zones, limits, procedures, and requirements authorized by the statutes.

(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:

(a) How the amendment will change this existing administrative regulation: The amendment adjusts Allen County to a more conservative harvest zone and adjusts Hopkins, Larue, Green, Nelson, Bullitt, Grayson, Ohio, and Breckinridge Counties to a more liberal harvest zone. It also allows residents sixty-five (65) or older to use a crossbow during the entire archery season.

(b) The necessity of the amendment to this administrative regulation: The amendment is necessary to restrict doe harvest in Allen County and increase doe harvest in Hopkins, Larue, Green, Nelson, Bullitt, Grayson, Ohio and Breckinridge Counties. It allows residents sixty-five (65) or older to use a crossbow during the entire archery season.

(c) How the amendment conforms to the content of the authorizing statutes: See (1)(c) above.

(d) How the amendment will assist in the effective administration of the statutes: See (1)(d) above.

(3) List the type and number of individuals, businesses, organizations, or state and local governments affected by this administrative regulation: For the 2014 -15 deer season there were approximately 271,812 resident and 21,568 non-resident Kentucky deer hunters.

(4) Provide an analysis of how the entities identified in question (3) will be impacted by either the implementation of this administrative regulation, if new, or by the change, if it is an amendment:

(a) List the actions that each of the regulated entities identified in question (3) will have to take

to comply with this administrative regulation or amendment: Hunters in Menifee County will have to abide by the harvest restrictions for Zone 3. Hunters in Hopkins, Larue, Green, Nelson, and Bullitt Counties will have to abide by harvest restrictions for Zone 1. Hunters in Grayson, Ohio and Breckinridge Counties will have to abide by the harvest restrictions for Zone 2. Hunters sixty-five (65) or older can now use a crossbow during the entire archery season.

(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3): There will be no additional cost to hunters as a result of this amendment.

(c) As a result of compliance, what benefits will accrue to the entities identified in question (3): Reduction of doe harvest in Allen County by moving it to a Zone 3 should improve deer numbers and thus hunter satisfaction over time. The increase in doe harvest for Hopkins, Larue, Green, Nelson, Bullitt, Grayson, Ohio and Breckinridge Counties will slightly lower or maintain current deer numbers and thus balance the needs and desires of the hunting and non-hunting constituents of the counties.

(5) Provide an estimate of how much it will cost the administrative body to implement this administrative regulation:

(a) Initially: There will be no additional cost to the department to implement this administrative regulation.

(b) On a continuing basis: There will be no additional cost to the department on a continuing basis.

(6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation: The source of funding is the State Game and Fish Fund.

(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change if it is an amendment: It will not be necessary to increase a fee or funding to implement this administrative regulation.

(8) State whether or not this administrative regulation established any fees or directly or indirectly increased any fees: No new fees will be established.

(9) TIERING: Is tiering applied? (Explain why or why not) No. All deer hunters are subject to the same seasons, bag limits, and zone requirements for hunting.
